

**BUTTERWORTH  
INDUSTRIES**

A large yellow excavator bucket is shown in the foreground, filled with dark brown soil. The bucket is angled upwards and to the right. The background is a clear blue sky. A large, semi-transparent orange triangle is overlaid on the right side of the image, partially covering the bucket and the sky.

Australia

# Our Company

Butterworth Industries are a local family owned and operated Aboriginal Business Enterprise, our directors have created Butterworth Industries to provide civil excavation and earthmoving services to the Big Rivers Region and generate aboriginal employment and opportunities within the area.

Butterworth Industries began in 2016 as a small sole trader business in Darwin. Since then, our services have expanded across the NT and QLD. Over the past few years, our significant growth has led to the establishment of MJ RP Enterprises Pty Ltd in 2019, under which we trade as Butterworth Industries today.

With plans for future growth, Butterworth Industries is expanding into Heavy Hire. Providing plant and equipment Heavy Hire to the Katherine, Big Rivers Region as well as Darwin, Arnhem, and Barkly regions and beyond.

## Meet the Directors

Director  
**RYAN BUTTERWORTH**

Director  
**MADELYN FARRINGTON**

Ryan, originally from Hobart TAS, along with Madelyn, born in Katherine NT, although a proud Quandamooka woman of Minjerribah (North Stradbroke Island) collectively have extensive experience across excavation, mining, finance and travel industries, equipping them with a wealth of knowledge and understanding to successfully lead and grow Butterworth Industries. Ryan's highly respected industry knowledge, dedication and hands-on approach are evident in his proactive efforts to provide quality civil services and build on professional relationships. Madelyn's dual focus on business excellence and social responsibility are evident in the continuous business growth and commitment to prioritise Aboriginal employment and economic participation in the region.

# Our Mission

To grow as a civil excavation company, diversify and maintain a safe workforce within the construction industry. We strive to minimise our environmental impact and positively contribute to the wider community.

# Our Core Values

## Safety

Develop and maintain safe work systems to ensure a strong culture and strive for Zero Harm.

## Diversity

Promote indigenous and gender equal employment opportunities and support professional development through upskilling and education.

## Excellence

Consistently achieve results and maintain professionalism through high safety standards and environmental responsibility.

## Respect

We pride our workforce on respect for each other, our machines, and the lands on which we work.

# Accreditations

# Why Choose Us

## **Local Family owned and operated**

The benefits of supporting local businesses are seen to directly impact the local community.

## **Aboriginal Business Enterprise**

We are majority Aboriginal owned and actively support indigenous employment and upskilling opportunities.

## **Professional partnerships**

We strive to maintain professional relationships with many industry leading primary contractors throughout the Territory and produce positive outcomes.

# Our Recourses

At Butterworth Industries we support workplace gender equality; providing equal employment opportunities, equal pay and equal access into the construction industry.

We maintain a strong workforce with a mixture of local, intra-territory DIDO and Interstate FIFO workers. Our entire workforce holds relevant licenses, tickets and/or qualifications for their respective roles:

- ✔ **General Construction Induction Training**
- ✔ **Plant and Machinery Operators**
- ✔ **HR Drivers with Watercart tickets**
- ✔ **Light and Heavy Vehicle Mechanics**
- ✔ **Business Administration**

By verifying these credentials, we mitigate risk for our clients, uphold a high standard of professionalism, and demonstrate industry best practices. We pride ourselves on offering quality services with a well-maintained fleet of vehicles, equipment, and machinery, as detailed in our heavy hire range.

# Range Heavy Hire

Butterworth Industries offers a wide range of quality equipment for hire. From smaller machine requirements through to heavy equipment, our Heavy Hire machines fit all construction, roading, agricultural, quarrying and mining industries. Branching into the market and creating solutions for Heavy Hire in Katherine, Big Rivers and surrounding areas.

**EXCAVATORS**

**MINI EXCAVATORS**

**HEAVY VEHICLES**

**LIGHT VEHICLES**
